SUPPLEMENTAL RESPONSE

Honorable Commissioner of Patents and Trademarks Washington, D.C. 20231

sir:

Supplemental to the Response filed February 17, 1998 and in response to the examiner's subsequent Advisory Action, please amend this application as follows:

IN THE CLAIMS:

Please further amend claim 5 as follows:

(Thrice Amended) \ A method of forming a thickened 20p 'D1> annular peripheral wall of a sheet metal member, comprising the steps of: holding a base plate of the sheet metal member and forming a flange-shaped portion integrally with an outer periphery of the base plate; inserting the flange-shaped portion between a circular bottom pattern tool and a circular top pattern tool; applying recessed annular forming faces of circular rollers of plural kinds against the flange-shaped portion and sequentially pressing the flange-shaped portion projecting outwardly from the
